FLYING HIGH- The Intermediate group's Hopak featured high flying leaps and very fancy footwork to wind up the first half of Sunday's Spring Concert.

Metelytsia welcomes spring

VICKI BROOKER
Review Staff

The 32 members of the Elk Point Metelytsia Ukrainian Dance Club danced their way into the hearts of an enthusiastic and appreciative audience on Sunday afternoon, as they performed 20 numbers with style, grace and energy.

Fresh from hugely successful competitions in Lloydminster, Vermilion, North Battleford and St. Paul, the dancers entertained with 14 group numbers

as well as solos, duets and a very special quartet.

Beginners Hailey Danyluk, Hadley Smereka, Jacob Petruk and Brenden Scott brought the traditional offering of bread and salt as they joined Brianne Greening in singing O Canada. Seniors Abby and Morgan Baker, Kira Brunner, Macey Drobot, Bryce Osinchuk and Jaden Plaska opened the program with the Transcarpathian Tanets. The beginners were back on stage again with the Persay Chas, a number that they were performing for the first time before an audience.

Mykaela Verenka was the show's first soloist,

with a charming Volynski number, before the Junior I butterflies, Amber Gilbert, Anna and Charlotte Henderson, Shyanne Klatt led would-be butterfly collector Evett Smereka a merry chase in their Butterfly Dance. Ty Smereka's high-spirited Volyn Hlopits followed a Polissian Duet by Bryce Osinchuk and Abby Baker.

Junior II dancers Dae and Avery Smereka, Rylee Verenka, Chloe Bendixen, Calei Penner and Shaylynn Klatt performed the Hutzulski Duvchati, a dance of the Carpathian Mountains.

Interagency Health Committee discusses role of proposed regional committees

VICKI BROOKER
Review Staff

The regional health committees that Alberta Health Services plans to roll out as of July 1 are still very much a mystery to Elk Point's Interagency Health Committee, which discussed the concept at some length at last week's meeting.

AHS has indicated that the project will consist of eight to 10 'operational districts' are to be formed, each with a seven- to nine-member volunteer committee that will talk directly to the Minister of Health. What their exact

role is, "nobody knows for sure" at this time, according to Diana Anderson, whose term on the Zone 5 Health Advisory Council is about to expire. "But we're told it won't be like the old regional boards." The new committees will have district directors, whose exact role is not known at this time, "and my understanding is that the directors will be hired by AHS." She added that she is "trying to get definitive answers."

Mayor Parrish Tung, whose term on the Health Advisory Council is also coming to an end, said he has applied online to be part of the new committee.

Health Advisory Councils will still

be part of the equation as a second avenue of input to Alberta Health. The Zone 5 council will have five vacancies to be filled this year as terms expire, Anderson said.

Anderson feels that the Rural Health Review Committee "did an excellent job. Whether the bureaucrats listen" could be another matter, she noted. "We have a political forum coming up. That's a good place to ask these questions."

Health Centre staffing

Both Mayor Tung and County of St. Paul Division 2 Coun. Dwight Dach discussed health centre staffing. There

is sufficient qualified staff to cover holidays, and four candidates are being interviewed for a .4 nursing position. Applications to fill a .8 position in long term care were to close last week, and all staff are being cross trained so they can work efficiently in acute care, long term care and emergency departments if needed.

FCSS

FCSS Director Alania Sanregret said the income tax program "is finally going well" after a slow start when each volunteer had to apply separately for security clearance rather than applying as a group.

Fourth candidate on forum list

VICKI BROOKER
Review Staff

Organizers of tomorrow's. All Candidate Forum slated for 4 p.m. at the Seniors' Recreation Centre have added Green Party candidate Brian Deheer to the list of those running for the Lac La Biche - St. Paul - Two Hills seat in the May 5 provincial election..

Diana Anderson said that Progressive Conservative

a family and youth interagency, and will invite as many participants as she can. Her main goal is to establish a youth program and partnerships, and she noted that the needs assessment she conducted at Information Night last September showed that "something is needed for kids."

The director suggested that those in attendance ask the election candidates their views on the "stagnant funding for FCSS. FCSS is a preventative program, and has been effected by downloading of extra programs."

The Region 7 sexual assault services have a new executive director

candidate Darrell Younghans and Wildrose candidate David Hanson have confirmed their attendance and NDP Catherine Harder "will try to attend."

Each candidate will have 10 to 15 minutes to present their platform before the event is opened for questions from the floor.

The event will be hosted by the Alberta Council on Aging and everyone is welcome to come out, meet the candidates and hear their views..

and counsellors, she said.

FASD

Megan Tucker, a transition coordinator with the FASD support service in the Lakeland area, works with you becoming adults. She told the IHC that the department has a mothers' mentorship program with a new mentor out of the St. Paul office, who will work with moms up to three years after they give birth. A FASD prevention conversation has been held with teachers, and is part of the PARTY Program, and there is currently a big program right now to make prevention conversations a priority province-wide, Tucker said.

Interagency

(Continued from Front Page)

"Anything that was here before last Thursday has been filed on line," she noted, with about 30 forms done and five to go at the office, and others coming in from Frog Lake and Fishing Lake.

The East Zone Interagency meets every six months and would be in Elk Point the next day, she noted, adding that the group started as a provincial initiative. "We found it is very valuable, and we also have a big mail-out."

Sanregret outlined the goals and initiatives for a new project,

Last hockey gold and first ball provincials

DOUG BASSETT
Review Sports

Minor ball is alive and well in Elk Point; in fact it is growing by leaps and bounds.

That's thanks to our minor ball president Dennell Anderson who has done a terrific job of promoting minor ball in our town for the last three or four years, and we now have well over 100 boys and girls registered.

In boys' baseball we have five teams from rookies to bantams, and in the girls' softball we have four teams from mites to bantams. Plus, our little boys and girls under six are playing rally cap, which is an updated version of T-Ball but with more emphasis on developing skills and having fun.

Six ounces of orange juice contains about 75 mg of vitamin C. If you are taking iron supplements, take it with some orange juice. The vitamin C helps the body absorb the iron better.

The number-crunchers who keep track of worldwide life expectancy have reported the average life expectancy of the people of the world in 1990 was 65.3 years. In 2013 it had risen to 71.5 years and if we continue in this manner, by 2030, it will be 85.3 years. So healthcare is getting better around the world and we are gaining on many of the causes of early death like measles, malaria and diarrhea.

We all are aware of the dangers of smoking. One danger often overlooked is that it's a significant risk for gum disease. Smoking reduces blood flow to the gums which deprives them of oxygen and nutrients that keep them healthy. Smokers are four times as likely to suffer from gum disease than those who have never smoked.

If you are going to have surgery soon and are taking herbal products routinely, it might be advisable to discontinue them a week or so before surgery. Some herbals like garlic, ginseng, feverfew, ginkgo and Devil's claw have varied effects on blood clotting that might result in excessive blood loss during surgery.

There is a lot of "hype" out there about herbal products. There is a phrase that says "marketing outweighs science". What is true and what is hype? In our pharmacy, we have sources that help us get to the science of the matter.

EDITORIAL

Be informed

Next week, Albertans will choose a new government that will make decisions affecting all of us for the next four (?) years.

Deciding who will make those decisions is up to us, and we should gather all the facts we can about each candidate before we mark that ballot.

Attend tomorrow's forum, and be an informed voter on May 5.

YOUR VIEWS

Alberta election a question of trust

If life hands you a lemon... make lemonade!

At a time when many Albertans are facing life altering challenges, the result of a significant collapse of an economy dependent on revenues generated by a non-renewable resource, the PC party has deemed it prudent to call a totally unnecessary election. Using the feeble excuse that a caucus of seventy members was not sufficient nor capable of implementing its budget simply reminds us that the PC government suffers from a severe case of "brain-warp". Since the majority of the current caucus is seeking re-election, we should be alerted to the fact that the condition cited above will not be cured, but in fact may even become more severe should they be returned to the Alberta Legislature.

Some of the electorate may not be familiar with "brain-warp". It is a condition which occurs when the brain gene pool becomes stagnant. Most human deficiencies need a CULTURE to allow their development. Forty-three plus years of PC domination politically in Alberta has most certainly provided an excellent CULTURE for the growth of "brain-warp".

Some readers of my thesis may think it is all a spoof! I offer the following questions in support of my thesis and for your consideration when you cast your vote in this election.

Why do we not have a diversified economy?

Why hasn't the Royalty Structure been changed to help stabilize our economy and provide the funds needed to support initiatives for Albertans instead of giving free reign to foreign corporations?

Why wasn't the Heritage Fund strengthened in the recent decade of economic boom?

Why did Alberta have seven straight budget deficits during an extended economic boom?

Why did it take 43 years to develop a 10 year vision for Alberta?

Why has the government failed to recognize that an economic boom seriously brings senior Albertans living on fixed incomes closer to life below the poverty line?

Why have rural Albertans since 1993 been denied a direct non-partisan voice in the delivery of local health services?

Why has so many billions been squandered in on-going failed experiments in the administration of Alberta Health Services?

Why was an election called now when it is the PC government who wrote the law that it should be next year?

Why has the lack of planning for the growth of population over the last 20 years resulted in the deficiencies in provincial and municipal infrastructures, schools and hospitals?

Unless we are prepared to cast a meaningful vote in this election, NOTHING WILL CHANGE! Every Albertan has a voice which can bring about change. Not casting your vote only helps to assure that the same old same old continues...

Belated April Fool's, Mural Park, Cinderella story

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND ELK POINT REVIEW FOR THE WEEK OF APRIL 28 IN...

1985

The weatherman played a belated April Fool's joke on the area, dumping over a foot of wet, heavy snow in what was called the worst April blizzard in over 30 years, stranding motorists and cancelling numerous weekend events. A new record of 43 members and guests were in attendance for the chamber of commerce meeting, six of them guest speakers on a number of topics, from county road upgrades in the oil patch to Lakeland College courses.

1990

All systems were go for Mural Park, three years after the development agreement was issued, with a revamped and revised agreement approved by both the Town of Elk Point and Elk Point Historical Society. Honoured Royal Lady Mary Kryvenchuk and Exalted Ruler Lorn Berg were installed as the heads of the Elk Point Order of the Royal Purple and the Elk Point BPO Elks Lodges at their joint installation ceremonies.

1995

Elk Point Chamber of Commerce called a meeting with town council, community representatives and people knowledgeable about health care and its delivery, as the starting point for a steering committee for a future community health council.

Bantam Lightning coach George Bendixen was named Minor Hockey Coach of the Year at the Minor Hockey Annual Meeting, after his team won the first provincial championship in 21 years of minor hockey in the community.

2000

Elk Point Elementary School students presented four plays at their Drama Night, including 'Cinderella,' which starred Sarah Schade as Cinderella and Craig Dallaire as Prince Charming. Ranger Oil introduced a proposal to extend their hours of truck operation at an open house in Elk Point, stating that the company felt this would reduce congestion at the battery and reduce highway truck travel during peak public and tourist driving times.

2005

Northern Lights Library System has offered seldom-used space in their headquarters as an answer to Elk Point's needs for a performing arts and cultural activities venue. Elk Point celebrated the community's countless volunteers, with awards presented to a long list of volunteers nominated by clubs and organizations, volunteers who assist with Health Unit programs, and a corporate volunteer award going to Elk Point Co-op.

2010

Security measures for the Elk Point Visitor Information EcoCentre topped the agenda at the chamber of commerce meeting after break-ins at the EcoCentre, the former tourist information booth and the Trail Riders snowmobile club cabin. Elk Point Metelytsia Ukrainian Dance Club celebrated the arrival of spring with their 31st annual concert attracting a capacity crowd.

EPE hosts Jump Rope for Heart

The whole gym was jumping when Elk Point Elementary School held its annual Jump Rope for Heart event on Thursday, with students from Grades 4, 5 and 6 participating in the three-hour event. The students collected pledges from families and friends to raise donations for the Alberta Heart and Stroke Foundation before everyone got out their ropes and jumped up a storm to some lively music.

A realistic plan for rural Alberta.

We need strong PC MLAs who will fight to:

- Protect property rights (p. 18 Prentice Plan)
- Expand access to markets for our products (p. 18 Prentice Plan)
- Bring back regional decision-making in health (p. 9 Prentice Plan)
- Cut government waste and focus dollars on the front lines (p. 8-9 Prentice Plan)

Town of Elk Point Notice of Public Hearing

Bylaw No. 735/15

TAKE NOTICE that pursuant to the Municipal Government Act, R.S.A. 2000, as amended, the Council of the Town of Elk Point proposes to adopt Bylaw No. 735/15 for the Town to enact:

- The Land Use Bylaw 717/13 for the Town of Elk Point is hereby amended by changing the designation of LOT 3, BLOCK 17, PLAN 415HW as indicated on Schedule "A" attached hereto, from (R2) Residential to Central Commercial (C1).

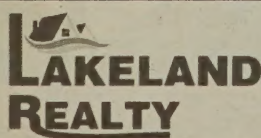

A copy of the proposed bylaw may be reviewed and inspected by the public at the Town of Elk Point Office during the hours of 8:30 AM to 4:30 PM, Monday through Friday.

At 7:00 PM on May 11, 2015 the Council of the Town of Elk Point will cause a Public Hearing to be held in the Town Council Chambers at the Town Elk Point Office, at which time objections or comments regarding the proposed bylaw may be given and received.

The Beginners stepped out in their first-ever presentation of the Persay Chas before an audience, above.

The Intermediate and Senior boys performed challenging routines in their Zaporozhets, left.

Dancers

(Continued from Front Page)

Next came the senior dancers with their light-hearted Polissian Tanets.

Intermediate dancers Katelyn Boratynec, Paige and Sam Henderson, Mickal Pilisko, Hank and Charlie Rogal, Ty Smereka, Rhianna Bjorkman, Mykaela Verenka, Brooklyn Gochko, and Sadie Baker wound up the first half of the concert with their Hopak.

Following a short break, the Intermediate and Senior boys took to the stage with an astonishing display of leaps, swordplay, and acts of daring called the

Zaporozhets that earned them a mark of 97 per cent in Vermilion. The Senior and Intermediate girls' very graceful Kalyna dance was a complete change of pace, while the Beginners' Broom Dance was a crowd-pleasing delight.

Jaden Plaska, who also dances with a club from Edmonton, was next on stage with his Hutzul Solo, before the Junior I group danced away their spring fever with the Ukrainian Spirit, followed by the Intermediates, in eye-catching new costumes, and their Bukovyna Tanets. The Senior girls welcomed back the boys from a long winter of woodcutting with their

Hutzul Love number, while the Junior II group showed another kind of love, this time for sweet treats, in the Cookie Dance.

Dance mom Brianne Greening showed her well-practiced talents in a Carpatia Solo that has earned her three silver medals, before a very special number entitled My Toy Box, performed by Avery, Hadley and Evett Smereka especially for their grandparents, with the assistance of Rhianna Bjorkman.

The Seniors wound up the show with the traditional Hopak, which won them a gold medal in Lloydminster and the hearts of all the audience in Elk Point.

Another tradition followed the presentation of gifts of appreciation to instructor Debbie Kachmar Potter, when she presented certificates, pins, plaques and year plates to each dancer, from first-year beginners to 10-year veteran Bryce Osinchuk.

HUTZUL LOVE -
In spring, a young Hutzul's fancy turns to thoughts of love, and a cossack will do whatever his sweetheart wishes, including hoisting her high on his shoulders while he does some very complicated dance steps in this number by the Senior group.

JUNIOR I dances away their spring fever with the lively rhythms of the Ukrainian Spirit.

SWEET AS THEIR COOKIES -

Green candidate hopes to promote renewables

LAURA RODGERS
Review Contributor

Brian Deheer is running as the Alberta Green Party candidate in Lac La Biche-St. Paul-Two Hills this provincial election because he hopes to bring the environment into the campaign conversation.

The Lac La Biche-based students union manager and longtime watershed activist says he doesn't plan to do any door-to-door canvassing or heavy campaigning, but he plans to attend all constituency debates and bring forth ideas about promoting renewable energy.

"I'm running because I feel it's important for voters in Alberta to have the option to vote for a Green candidate," Deheer said.

A supporter of both the federal and provincial Green Parties for many years, Deheer also ran as a federal Green candidate in the 2014 by-election for Fort McMurray-Athabasca.

"I know questions about the economy are important. They affect everyone," said Deheer. "When I look at some of the directions that our economy is going,

I'm concerned, because I see Alberta's exogamy is heavily dependent on the oil and gas industry. I feel that all our eggs are in one basket, and I think that's not wise."

He said he'd like to see more diversification into renewable energy sources, especially solar and geothermal power.

"I know there's potential in this area for solar energy. In fact across most of Alberta, we have a higher potential for solar energy than most of the rest of Canada," he said.

"I think we could enable the local economies in our communities to diversify if our provincial policies would help with that."

The protection of watersheds and water quality are also another top concern of Deheer's. He's a member of the Athabasca Watershed Council, the environmental stewardship advisory committee for Lac La Biche County, the steering committee for the Watershed Stewardship Group starting up in Lac La Biche.

"Water issues are very important, in my mind," Deheer said. "Of course, that would affect us in this

riding because we have lots of lakes, we have lots of pressure for development, we have lots of pressure on our wetlands across the region. These are all topics I feel strongly about, and I would like to bring them up."

While he won't be knocking on doors, Deheer expects to attend next week's debates in Lac La Biche, St. Paul and Elk Point in order to make sure his party's stances are known and discussed by the other candidates running.

"I probably won't have time to do any canvassing door to door," he said. "I have some signs that I'll be putting up and I'll be at the debates, that might be the extent of it."

Hockey

(Continued from Page 3)

D'arcy Evans, who coaches pee-wee girls is the assistant zone director for softball in our zone and is also in charge of the Lakeland League web site with all the updates on clinics, schedules and scores. Twila Stafford is promoting our ball through Facebook; she has developed a Facebook page for Elk Point Minor Ball and does updates on it. I must be honest, I don't have Facebook but I hear about it all the time, so I know she is doing a wonderful job.

Our house league teams are now all out on the fields practicing and will be playing their first games starting the first week of May. And some more exciting news. Our provincial Bantam Sox are hosting a provincial round robin this coming weekend with teams coming from Fort McMurray, Fort Saskatchewan, Sherwood Park and N.E. Edmonton.

One final gold

It's still chilly enough outside so here's some hockey news. Nicholas "Sparky" Anderson and Dustyn "Dust Pan" Pankiw both playing in a very elite spring hockey tournament in Edmonton this past weekend, brought home the gold medal after winning the final game in sudden death overtime 5 to 4. There were kids on the team from Elk Point, Cold Lake, Bonnyville, Marwayne, Fort Saskatchewan, Sherwood Park and Edmonton. They never even had a practice together, but turned out to be a very competitive team and awesome hockey to watch.

Now for the K.A. Campbell quote of the week. "I had bad days on the field. But I didn't take them home with me. I left them in a bar along the way home" Last week's answer to: "Failure is good. It's like fertilizer. Everything I've learned about coaching, I've learned from making mistakes." - Rick Pitino.

Ukrainian Dance mom Brianne Greening danced a lively Carpatia solo at Sunday's concert.
